Reading is more fun with the *Foundations Reading Library*!

Foundations Reading Library

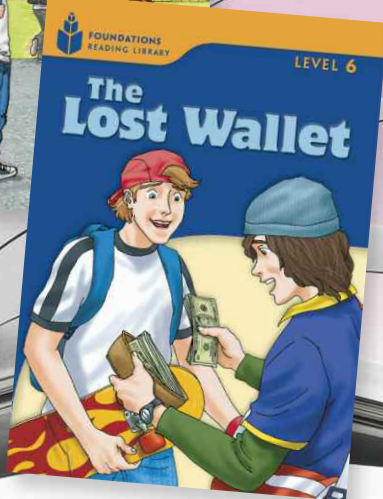

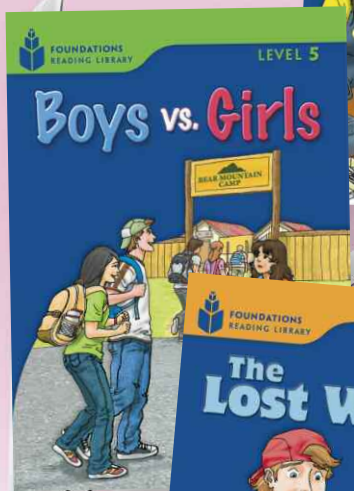

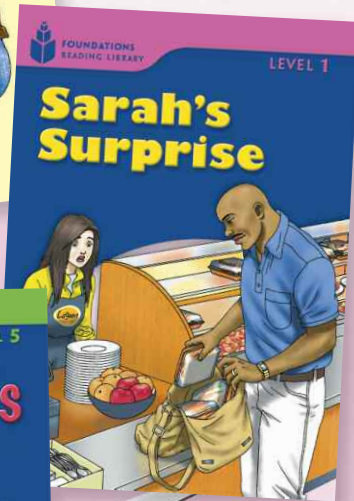

Authors: Rob Waring, Maurice Jamall

American English

The *Foundations Reading Library* is an exciting series of graded readers written specially to meet the needs of younger learners beginning to read in English. The carefully crafted, age-appropriate stories are designed for middle schools, high schools, and private language institutes.

- Story genres include adventure, drama, mystery, and romance, and deal with engaging issues and topics for teens
- Practice, extend, and recycle the most useful frequent vocabulary, phrases, and expressions that beginning learners need
- Carefully-controlled grammar syllabus that covers the grammar most typically taught in the early years of learning English
- Supported by Activity Books (including tests), Lesson Planners, and an Audio Program on CD for each level

Mercy Killer

Andrew Watson

Dr. Rick Jamieson is preparing for the multimillion-dollar launch of a new drug. But when some of the patients end up dead, Rick starts to wonder if all is not what it seems. With the police hot on his trail, it's a race against time to find out what—or who—is behind all the mysterious deaths.

Deadly Truth

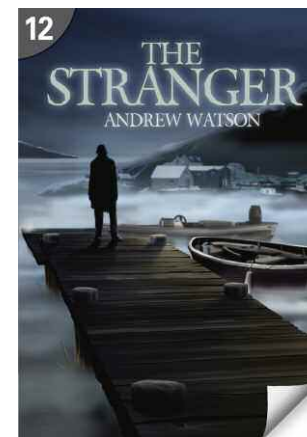

Andrew Watson

Today is the most important day in Peter Booker's career. Nothing is going to stop him from getting to work, certainly not a homeless man asking for help. However, there is more to this encounter than Peter thinks, and it soon leads him to the biggest story of his life. As he enters the heart of a powerful conspiracy, Peter learns that while the truth may save lives, it could also cost him his own.

The Stranger

Andrew Watson

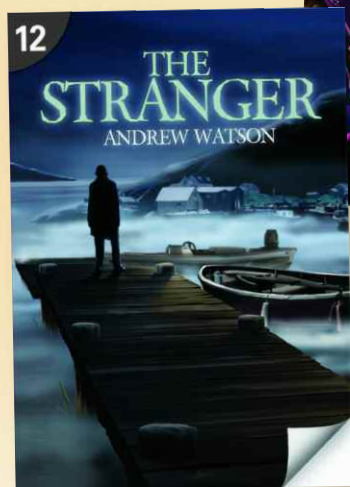

Everyone's talking about the mysterious young man who turns up in the quiet seaside town of Kilverberg. Anna Cross, for one, is intrigued: Who is he? And why would he come here? Yet the closer she gets to Callum, the more he tries to hide his past. Eventually, her determination to uncover his secrets leads her to an ugly truth.

Bringing the classics back to life!

The Classic Graphic Novel Collection

American English/British English

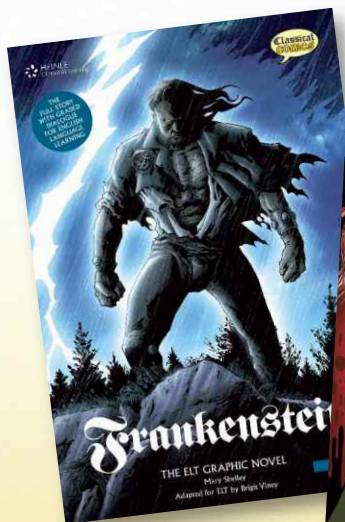

The Classic Graphic Novel Collection is a stunning new series of graded readers for young adult learners that combines attractive comic strip illustrations with timeless classical literature. A fresh blend of contemporary storytelling and captivating artwork ensure that your students will want to return to these stories time and again.

- Stunning artwork motivates even the most reluctant readers and promotes reading for pleasure
- Original and exciting treatment of classic stories provides a wonderful reading experience
- The comprehensive glossary supports learners while they read
- An Audio CD packaged with each title contains the full script

Each reader contains:

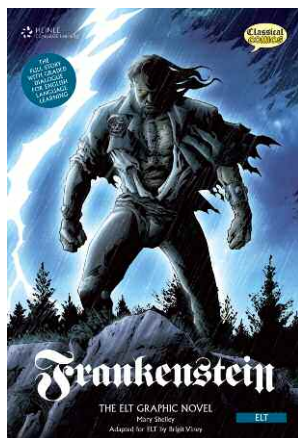

- A comprehensive glossary to support students while they read
- Full descriptions of the main characters with pictures to help students follow the story
- A short biography of the author

Read, Listen, and Watch as fascinating stories come to life!

Footprint Reading Library

Series Editor: Rob Waring

American English / British English

Welcome to the sights and sounds of the world with the *Footprint Reading Library*, a unique new series of graded readers for learners of English. This series offers fascinating stories from the four corners of our world, and develops the language and skills needed to understand non-fiction writing.

- A rich selection of engaging non-fiction readers, grouped into five themes: Incredible Animals, Fascinating Places, Remarkable People, Exciting Activities, and Amazing Science.
- One hundred individual readers, graded at eight levels from pre-intermediate to advanced, covering 800 to 3,000 headwords.
- Each reader is available with or without a DVD-ROM containing both video and audio content for that reader.
- Carefully-controlled grammar syllabus covers the most typically-taught structures in coursebooks.
- Teacher support includes Audio Program, DVDs, Teacher's Books and Assessment CD-ROMs with ExamView®.

INCREDIBLE ANIMALS

The Perfect Swarm

In the 1800s, Rocky Mountain locusts brought massive destruction to Western settlers. Then, they suddenly disappeared – almost without a trace. Today, scientists hope to find a reason for the locusts' extinction. What caused Rocky Mountain locusts to disappear? Where will the scientists look?

INCREDIBLE ANIMALS

The Red Devils

Humboldt squid, or 'Red Devils,' are the world's largest animal without a backbone. These sometimes dangerous creatures live in the deep waters of the Gulf of California. A researcher and professional diver have come to the Gulf to learn more about them. Will they find any 'Red Devils?' Will they be able to observe them safely?

FASCINATING PLACES

The Varied Cultures of China

For thousands of years certain remote groups of native Chinese have existed in near isolation. Separated from the mainstream world, these deeply cultural communities have maintained the old ways of life. Now, with the introduction of today's modern conveniences, they could disappear. What are these cultures? Can they be preserved before it's too late?

FASCINATING PLACES

The Orient Express

Running from Paris to Istanbul, the Orient Express is a first-class 'hotel on wheels.' Once a year, travellers can ride the luxury train across Europe just to enjoy the journey, but it's hard work to make the grand train run smoothly. Who is responsible for the train's success? What unique difficulties do they face?

AMAZING SCIENCE

Mars on Earth

The arctic region of Canada is home to a huge depression in the earth called the Haughton Crater. A group of explorers has come to the area to have an opportunity to face challenges similar to those expected when travelling to Mars. What challenges will they meet? What preparations are being made for Mars—on Earth?

AMAZING SCIENCE

Alternative Energy

Global warming and a lack of available traditional fuels have created an environmental crisis. In Colorado however, scientists in the windy Rocky Mountains have found alternative fuel sources that could provide a solution. What are these new sources of energy? How can they be used in everyday life?

REMARKABLE PEOPLE

Natacha's Animal Rescue

Fish River Canyon, a beautiful region in southern Namibia, was once a place where wild animals ran free. However, hunters and farmers have claimed the lives of thousands of these animals and left the land bare. Natacha, a conservationist, now plans to bring the animals back to the canyon? What kinds of animals will she bring? How will she do it?

Read, Listen, and Watch as fascinating stories come to life!

Footprint Reading Library

Series Editor: Rob Waring

American English / British English

Welcome to the sights and sounds of the world with the *Footprint Reading Library*, a unique new series of graded readers for learners of English. This series offers fascinating stories from the four corners of our world, and develops the language and skills needed to understand non-fiction writing.

- A rich selection of engaging non-fiction readers, grouped into five themes: Incredible Animals, Fascinating Places, Remarkable People, Exciting Activities, and Amazing Science.
- One hundred individual readers, graded at eight levels from pre-intermediate to advanced, covering 800 to 3,000 headwords.
- Each reader is available with or without a DVD-ROM containing both video and audio content for that reader.
- Carefully-controlled grammar syllabus covers the most typically-taught structures in coursebooks.
- Teacher support includes Audio Program, DVDs, Teacher's Books and Assessment CD-ROMs with ExamView®.

FASCINATING PLACES

A Special Kind of Neighborhood

Most cities have local areas called 'neighborhoods.' The Mission District is one of San Francisco's oldest neighborhoods. Many people think it's very special because it's so multi-cultural. What makes the Mission District so multi-cultural? Why does that make it special?

AMAZING SCIENCE

Dinosaur Search

Dinosaurs are animals that lived long ago. Scientists often study dinosaur 'bones' or the hard parts inside the body. A team of scientists looks for dinosaur parts but they're hard to find. Will the team find bones, or something else?

AMAZING SCIENCE

The Memory Man

Gianni Golfera can remember almost everything. Scientists want to study his mind because he can remember so much. Some think his environment improved his memory. Others think that Gianni's memory came from his parents. Where did his great memory come from?

AMAZING SCIENCE

Wild Animal Trackers

In Africa, there is a group of people called 'Bushmen.' These people know a lot about wild animals. However, sometimes they can't tell others about the animals because they don't speak the same language. How can the Bushmen share what they know?

REMARKABLE PEOPLE

The Last of the Cheju Divers

Cheju, South Korea, is known for its traditional women divers. They have long dived into the ocean to look for seafood. It's dangerous, but there were no other jobs available. Now, women in Cheju have more choices. What jobs can they do? What will happen to the Cheju divers?

EXCITING ACTIVITIES

Living in the Slow Lane

Greve, Italy, is one of the many cities around the world that is part of the 'Slow City' movement: a way of living designed to fight the negative effects of globalization. The 'Slow City' movement has also inspired individuals to start a 'Slow Food' movement. What does it mean to be part of these groups?

EXCITING ACTIVITIES

Firewalking

In a small village in northern Greece, local residents participate in an annual religious festival called Anestenaria during which they walk across fire. This firewalking tradition tests believers' faith and serves as a means of receiving blessings. Will all the participants make it across the fire? How will their firewalk affect them?
